2025-26 Annual Report, UMRA Facebook Group

From: Kathy Jensen and Gary Engstrand

The following statistics are for July 1, 2025 through June 12, 2026.

The UMRA Facebook page has 201 members. Of those members, 157 actively participate by posting, commenting, or reacting to posts. Pictures and/or videos of past UMRA events tend to get the most comments and likes.

We had 12 member requests in the past year. Most of those requests came in during our membership renewal period from July through August.

There is no plan in place to try to increase member numbers or increase participation. One possibility is to post photos from most (or at least many) UMRA events. Another possibility is to allow its use as a bulletin board in some fashion. These and other possibilities may be worth a discussion among those who are knowledgeable about social media.
