New Communications:

I sent email announcements and issue summaries to the UMRA list-serv, summarizing the webinars and updating issues, and received favorable responses. In 2019 I sent emails to those who expressed interest as listed below and not to the UMRA list-serv.
In 2021/2022 I'll continue to send those email summaries and updates for review to the entire UMRA list-serv. And will continue to submit announcements to the UMRA Newsletter editor. In 2020/202 I distributed emails about complex tax issues, stimulus payments, and credits, which can guide asset distribution and other financial decisions during 2021. I was able to write tax summaries from my training and experience as an AARP tax-aide counselor.

A few retirees contacted me with questions on estate planning, engaging a financial planner or tax issues. I was able to partially answer and refer them to the Webinar recordings and to the summary emails on issues. When several new members answered the UMRA survey noting an interest in the F & L group, I referred them to the Webinar recordings as a good preparation for the fall 2020 Estate Planning and Year-end tax planning webinars.

Not having an F & L group physically present as webinars were broadcast resulted in a loss of conversation and interaction that had been a valuable part of past webinars.

I’m planning for a third webinar in September 2021 on Tax Efficient Distributions to Family and Charity/Nonprofits. This is based on feedback from the following survey questions sent to the F & L Group.
